

PLEXTALK[®] Linio Pocket

Digital Player and Recorder

The next generation in portability!

The PLEXTALK™ Linio Pocket is a pocket-sized, DAISY compliant online player and recorder that offers mobility and ease of use by nearly anyone in business, education and leisure. It comes packed with features that support accessibility for those who are visually impaired or learning disabled.

Without the need of a PC it's a true crossover media player and recorder with a host of applications for book navigation and recording wherever you go.

Featuring the high quality Acapela text-to-speech engine, the PLEXTALK™ Linio Pocket allows users to select from a list of natural sounding voices for reading documents and other text-to-speech data.

The new PLEXVoice Technology brings optimal sound quality with adjustable playback speeds. And it comes with 8GB of internal memory allowing for an enhanced playback function (7.2GB user area). It includes a 4GB SD card with an additional expansion of up to 32GB.

Unsurpassed Features:

Software

With the PLEXTALK Transfer Software, you can easily transfer DAISY books, text files, audio files, playlists or network settings from your PC to your PLEXTALK Linio Pocket.

The PLEXTALK Recording Software is a powerful tool to edit what you have recorded on your PLEXTALK Linio Pocket and create DAISY books on your PC.

External CD-ROM Drive

You can directly back up your DAISY CDs from the external CD-ROM drive into your PLEXTALK Linio Pocket via USB cable.
