Do you want to...

make reading fun?

get the most out of your class while in school?

You can with the PLEXTALK[®] Pocket.

Read books as you want to read.

Review recorded lectures as you want to review.

This convenient book reader and recorder allows you to playback digital talking books or textbooks, as well as record your teacher's lectures at school.

A quick key press while recording lets you insert headers, which is a great time saver.

You can navigate a DAISY talking book or textbooks to go directly to a specific section or page you want to read. The PLEXTALK Pocket also lets you insert bookmarks at important places in audio books or school textbooks, making it quick and easy to repeatedly go back and review what you want.

Recording is a cinch with the one-touch Record key. A quick key press for each topic change in a class inserts a heading that makes it easy for you to review what you have recorded.

In addition, holding down the record key allows you to record voice memos that can be reviewed at a later time.

You can also adjust the playback speed and tone to customize your study session, allowing you to do a quick review or take the time to fully comprehend the material.

Do you want to...

make it easier to get information?

have conversations about current events and interests with your family and friends?

You can with the PLEXTALK[®] Pocket.

Play podcast or web radio channels that match your interest.

In addition to reading digital talking books, the PLEXTALK Pocket, now features wireless LAN capability, enables you to download or stream podcasts and web radio even when you are away from your computer.

Podcasts and web radio are now at your fingertips, letting you listen to news programs and music channels that match your interests.

The Sleep Timer function allows you to enjoy reading a book in your bed, automatically switching off the PLEXTALK Pocket after you fall asleep. This saves the battery and guarantees a good night's sleep for you and your family.

By registering podcast feeds or web radio playlists on the PLEXTALK Pocket, you can listen to news programs and music channels via your home or office network, that always gives you the latest topics for your hobbies or conversations.

Equipped with "Voice Memo" capability, the PLEXTALK Pocket makes it fast and easy to record voice memos of up to 1 minute, ensuring that you will never forget phone numbers and other important topics.
